QIP Equipment Ltd.
179 Brunswick Blvd.
Pointe Claire, Quebec, H9R 5N2

Re : Distribution Territory

Attention – To whom it may concern

We are pleased to announce that QIP Equipment Ltd. is our exclusive Distributor for our Resistoflex Brand of lined pipe and fitting.

Resistoflex® is the largest plastic-lined piping products supplier in the world, with manufacturing and sales locations in North America, Europe, and Asia.

Resistoflex invented the PTFE lined hose technology in 1953 for the aerospace and chemical industries, and in 1956 introduced the world's first pipe and fittings lined with Teflon® PTFE. We also offer a full line of pipe and fittings lined with polypropylene, Teflon® PFA, and Kynar® PVDF.

Resistoflex corrosion-resistant plastic lined pipe, fittings, and hosed lined with Teflon® PTFE are used in corrosive fluid services as an economical alternative to expensive alloys.

QIP personnel have been factory trained and are the only company authorized to represent our products as well as any service requirements that are needed for your region
I trust that this will meet with your satisfaction.

Sincerely,

Dino Pedicelli

Dino Pedicelli
Regional Sales Manager – Quebec

CC- Cosmo Pace – President QIP
Robert Marocco – General Manager Canada, Crane ChemPharma
